51 - 1000 kW	\$16.09/kW

### General Power 3 (GSA3)

Customer Charge	\$350.00
All kWh	5.976 cents/kWh
0 - 1000 kW	\$16.25/kW
1001 - 2500 kW	\$18.06/Kw
2501 - 5000 kW	\$19.26/kW*

All energy purchased by STEMC members is generated by the Tennessee Valley Authority. TVA utilizes a Fuel Cost Adjustment (FCA) mechanism to recover largely uncontrollable fuel and purchased power costs. A variety of factors affect these costs including weather and global supply and demand issues. The TVA FCA is adjusted monthly. These rates include the most recent TVA FCA.

Rates incorporate December 2017 TVA Fuel Cost Adjustment. All general power rates are subject to sales tax if applicable.

\*Plus an additional \$19.26 per month for each kilowatt, if any, of the amount by which the customer's billing demand exceeds the higher of 2,500 kW or its contract demand.

LED 85 Flood	\$11.55/month
LED 129 Flood	\$13.78/month
LED 256 Flood	\$21.34/month

\*\*If required, pole rental is \$3.00 per month.

### Method for Computing Residential Bills

#### Customer Charge

This amount remains the same regardless of the customer's usage. It is a flat \$22.00 fee.

**\$22.00**

#### Energy Charge

This amount represents the actual amount of energy used by the customer during the billing cycle. This amount is determined by multiplying the number of kWh by 0.09550.
