STEMC is seeking an AMI Administrator

This position is being posted internally and externally.

The AMI Administrator will perform all duties related to the operation, maintenance, optimization, and future design of STEMC's AMI (Advanced Metering Infrastructure). Including administration of the meter reading database, this position will primarily be responsible for day-to-day administration of members accounts being updated with associated meter readings. This position will also focus on various integrations between the AMI and other STEMC databases and applications.

Bachelor's degree in Computer Science with a focus on Information Systems, database administration and experience troubleshooting electrical devices is preferred.

Applicants must live within one (1)-hour drive per Google Maps from the STEMC Brownsville Office located at 1009 E. Main St., Brownsville, TN 38012 or within STEMC's service area.

Please contact STEMC for full job description.

Benefits include health, dental, life and LTD insurance, 401K, paid vacation, sick leave, and holidays.

Applications should be submitted at any STEMC office or downloaded from our website at www.stemc.com and e-mailed to atipton@stemc.com or sdinkins@stemc.com. This opening will remain posted until filled.

An equal opportunity employer male/female/disabled
